### And What Have You

By BOB CRAIG

We read the other day that writing a weekly column was like milking a cow — the job is never finished. We would have to go along with this as some weeks we find that filling this space is a very disagreeable task. This is especially true when we can not think of any thing to write about.

We have a few odds and ends that we can start with and just hope that they will stretch out to the bottom of the page.

Well, the Forum's Smorgasbord has come and gone and apparently it was even a bigger success than anyone expected. As we feared, the waiting line got a little long because there just was not room for more than one serving line in the cafeteria, but not too many people seemed to be bothered about it.

Most of the people that we have talked to seem to think the food was well worth the wait.

Somehow we managed to wind up as a kitchen helper (it seems this writer was the only one who could reach to the back of the top of the huge ovens where some of the food were kept warm). While observing we were impressed by the smoothness of the operation and how well everyone seemed to take care of their job.

Both from the standpoint of the amount of money raised and the number of people involved, this was about the biggest project we have seen in a long time. It is a good feeling to know that you live in a community where the people can get together and put something like this over.

Louis Johnson of Anson opened up the Jones County political pot this week when he announced that he will seek the office of County Tax Assessor-Collector being vacated by A. J. French. He is the first announced candidate with several county offices up for grabs next year.

We understand that there is talk of others announcing for some of the offices but as of now it is only talk.

For some reason Jones County politics never seem to get as hot as some in neighboring counties. We understand that a number of candidates have already put up their bids in Haskell County where you can almost always expect some good races.

On the state level everything seems a little confusing with Gov. John Connally not seeking re-election and only Preston Smith officially in the race. But before the deadline, we expect this to turn into a real free-for-all.

Unless a strong moderate turns up, from somewhere, we expect that Texas will drop off from the progressive pace that it has enjoyed during the six years that Connally has been governor. In our opinion, if Smith can get elected he will be too conservative and if he loses, it will probably be to a liberal and we doubt that this will help Texas very much.

For a number of years now Texas has enjoyed the leadership of men who have pushed for progress without dropping off the deep end of liberalism.

Our main regret in Connally's decision of not seeking a fourth term is that he will not be able to complete some of the projects that he started in the fields of education and government.

This is why we have never liked the two year terms of office. It takes eight years to accomplish anything of consequence in the state office. While two four year terms is the same as four two year terms — that fourth term never seems to appeal to the man seeking the office or to the voter.

But then, we will just have to wait and see who ends up in the race before we can tell very much about what lies ahead for Texas.

We have not had the chance to meet our new Chief of Police, Bryan Wasson, as yet, but apparently from his qualifications, Hamlin is very fortunate in securing a man such as this.

We wish to welcome him and his family to Hamlin and hope that they are well pleased in their decision to move here.

## Abilene Officer Named Chief

Lt. Bryan Wasson of the Abilene Police Department was chosen by the City Council to fill the position of Chief of Police here. He succeeds E. B. (Buddy) Watson, who died Nov. 16.

Wasson, 34, will take over the position Dec. 15, according to Mayor Hollis Madden.

A police officer in Abilene since February, 1954, he has held his present rank since 1962.

He was graduated from Abilene High School and spent 2½ years in the Air Force as an air policeman. He was discharged as an airman first class.

Since joining the Abilene Police Department, he has

### Louis T. Johnson Announces for Tax Assessor-Collector

Louis T. Johnson, former Anson merchant and County Democratic Chairman, announced this week that he will seek the office of Jones County Tax Assessor and Collector. A. J. French, who is currently holding this office, announced early that he will not seek re-election.

In making the announcement, Mr. Johnson said that W. C. Thompson has purchased the family-owned Feed Store in Anson and that he would be able to devote full time to this office if elected. Mr. Johnson was first elected County Chairman in 1946 and has served in that capacity since that time with the exception of eight years.

A formal statement will be made at a later date.

He is on a three-man committee working to establish a film and training aids library aimed at helping small police departments in Texas.

He has also been a part-time breeder of registered Paint Horses, editor of the American Paint Quarter Horse Assn. magazine, and author of a book, "Horse and Horsemen."

## Smorgasbord Termed Tremendous Success

The Smorgasbord held here Sunday has been termed a tremendous success by all who were involved in the project sponsored by the Hamlin Woman's Forum. This is the first project of such magnitude ever undertaken by the local group and it surpassed all expectations, said one member of the organization.

More than 435 persons were served at the high school cafeteria. Of this number 51 were carry-out plates and 67 were children.

Serving started shortly before 12 noon and the last of the line was served at 2 p.m.

Seating for 148 persons was set up in the cafeteria but the room never became crowded.

The women said that they would have liked to have had serving room for two lines but there was no facility available that would accommodate this type of arrangement and still have places to keep the food ready for serving.

Mrs. Bob Craig, chairman of the finance committee of the Forum, expressed her appreciation to everyone who

participated in the fund raising project. She said, "I have never seen a more congenial group working together so diligently. This spirit of cooperation was a determining factor in the success of the Smorgasbord."

She also said that the generous donations by Hamlin businesses were extremely important to the successful venture. All of the ham was donated by Piggly Wiggly and Mac's. Other donations of food were received from Simpsons and Gandy's.

Cash donations were given by F & M National Bank, Hamlin Farmers Coop Gin, Pied Piper Mills, Farmers Coop Gin of Neinda and many individuals.

More than \$1000 were taken in from advance ticket sales, ticket sales at the door, and from donations.

Complete figures on all of the expenses were not in by Wednesday noon, but Mrs. Craig said that the Forum should realize at least \$850 from the event.

A financial report will be

## BCD Backs Sales Tax

The Board of Community Development and the Hamlin Jaycees, in meetings Monday night and Tuesday morning, voted unanimous approval of a city sales tax which will be voted on here Dec. 21.

City Mayor Hollis Madden appeared before both groups and explained the financial needs of the city, saying that the City was very much in need of more money. Mayor Madden stressed the need for salary increases for city employees as one of the prime needs with current salaries running from \$260 to \$325 per month.

The city would realize from \$15,000 to \$18,000 a year from the one percent city sales tax, the Mayor told the group Tuesday. He added that it would take a 30 percent increase in property taxes to raise this same amount of money.

In citing the need for more money because of increased costs, the Mayor told the group that ten years ago the city purchased a street maintainer

for \$18,000 and had to replace it this past year at a cost of \$26,000 — an increase of \$8,000 in 10 years.

The Mayor urged the BCD directors to encourage their friends and neighbors to vote in the election Dec. 21 whether they were for the tax or not, saying that the decision should be made by the majority of the voters.

If the sales tax is approved here the first collections will start April 1 with the merchants in the city collecting three cents on the dollar instead of the current two cents. Only the items covered under the state tax would be covered under the city tax. This does not include groceries, automobiles, trucks, farm equipment, drugs, etc. The merchants will send the money collected to the comptrollers office where the city's share will be computed and returned to the city.

All residents of Hamlin who are qualified voters are eligible to vote in this election and do not need to be property owners.

Kids do say the craziest things sometime... at a recent Ice Hockey game, my little boy said "Boy, how'd you like to be that puck?" Having just seen two big sticks slashing at it, I told him that I wouldn't care to change places at all. Now this may seem peculiar, but this set me to thinking just how much better off I am than that little old puck. In the first place I can move about at my own free will, and I have a mind to think with, and a soul... yes, its a real honor to be created in God's image. Also I can go to church each Sunday and worship God... now I love this and feel that it is a wonderful privilege. How about you... won't you be my guest at church this Sunday?

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## FFA Parents Learn of Chapter Activities At Chili Supper Monday

Approximately seventy-five  
members and parents attend-  
ed the FFA meeting and chili  
supper Monday night in the  
high school cafeteria. A reg-  
ular meeting followed.

John Hix, program chair-  
man, introduced the program.  
Chapter members informed  
parents about the various  
activities participated in by  
the Hamlin FFA Chapter.

Gil Lain talked briefly on the  
FFA awards program. He  
told about the different awards  
available to FFA members  
and how members go about  
earning these awards. He  
pointed out that these awards  
will vary from a medal on the  
local level up to \$2,000 college

scholarships on the state level.  
Randy George talked of  
FFA judging contests. He ex-  
plained how participating on  
these judging teams helps to  
build a boy's confidence in  
himself. He also said that a  
deeper understanding of one's  
fellow man is developed as  
boys learn to work together  
to build pride in themselves  
and their school.

Bill Hodnett explained the  
functions of the area and state  
FFA meetings. He told of the  
activities which take place at  
these meetings. He said that  
it was through these meetings  
that boys actually got to see  
democracy at work.

Mike Brown discussed the  
FFA leadership contests. He  
gave a brief history of these  
contests and pointed out the  
objectives of the contests. He  
also introduced chapter mem-  
bers who participated in the  
district and area leadership  
contests this year.

Bob Clifton talked on live-  
stock shows and how they  
help individual members. He  
pointed out that these shows  
help boys appreciate animals.  
It is through participating in  
these shows and working with  
animals that many boys de-  
velop an interest in livestock  
and begin livestock operations  
of their own. Bob also pointed  
out the advantage of competi-  
tion to young people. He said  
that through livestock shows  
the youth of today learned  
how to be humble winners and  
graceful losers.

Leslie Garrett, the Area II  
vice-president from Anson,  
was then introduced by John.  
Leslie briefly described the  
Area II FFA Association. He  
then talked on the primary  
aim of the FFA — the develop-  
ment of leadership, citizen-  
ship, and cooperation.
